

Easy E-Books and Activities with Slideshows and Photos– tutorial by Samuel Sennott

Purpose: . To create iPhone and iPod eBooks using PowerPoint or Keynote and the Photo App of your device.

- 1) Open up a PowerPoint book or activity.

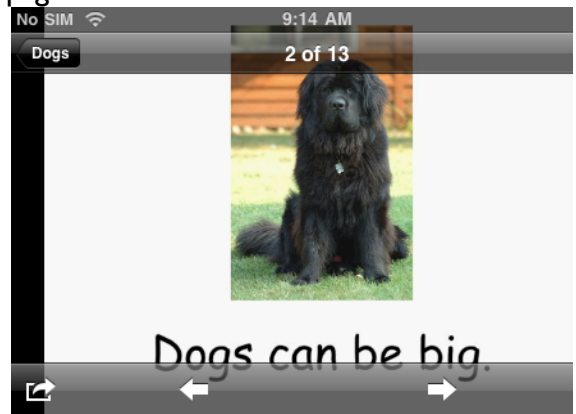

- 2) Select File and then choose Save As. Create a new folder titled the name of your book or activity. Save as a JPEG in that folder. Then each page will be saved as an image in a folder.

- 3) Sync Photos to your iPhone or iPod. Follow the Mac or Windows directions: <http://support.apple.com/kb/HT1678>
- 4) Open up the Photos App on your device. Choose your story.

- 5) Tap on the first page and swipe to turn pages forward and back.

- 6) Tap the screen to get to the menu to exit.
