

Downloading Extensions and Apps

Chrome **Extensions** are small programs that add functionality directly in the Chrome browser window. You must search for each extensions individually.

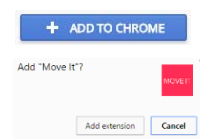

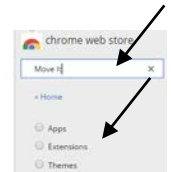

Google Web Apps often opens a new webpage that allows for a specific application. Think of them as websites that allows you to accomplish a certain task. You must search for each app individually.

You must **first** have the Google Chrome Browser installed on your computer or tablet. Google Chrome is a free web browser for Windows, Mac, and Linux computers. You can also install Google Chrome on your [Android](#) and most [iOS](#) devices. Search for Chrome Browser if you do not already have it installed.

Once the Google Chrome is installed

1. Browse/search for the **Chrome Store**
2. Depending on which option (extensions or apps) you want to download click on the radio button next to **Apps** or **Extensions** option on the left side of the screen.
3. Type the name of the extension or app in the **Search** box. You must download each Extension or App **separately**.
4. When you find the desired App or Extension click on the **Add to Chrome** button.
5. A window will appear click on the **Add Extension** or **Add App** option.

Extensions appear to the **right** of the **Chrome address bar**

Please download the following:

Chrome Extensions

1. Move It	
2. Readability (Read Comfortably)	
3. Speak It
